EDUCATION

UNIVERSITY OF PENNSYLVANIA, FELS INSTITUTE OF GOVERNMENT Aug '26 - Aug '27
Masters of Public Administration, concentration in Quantitative Policy Analysis

GEORGETOWN UNIVERSITY Aug '18 - May '22
Bachelor of Arts in Political Economy and Sociology, and a minor in Film and Media Studies.

EXPERIENCE

POLICY AND STRATEGY INTERN, CITY OF PHILADELPHIA OPS Oct '26 - Present

- Supporting planning, design, coordination, and execution of Office of Public Safety initiatives to achieve the mayoral administration's goal to reform Philadelphia's criminal justice system.

PROJECT MANAGER AND ANALYTICS LEAD, EPIC SYSTEMS Aug '22 - April '26

- Developed software tools and implementation strategies for certified EHR software used by diverse healthcare organizations serving over 300 million patients worldwide.
- Supervised and led up to 15 different software implementation projects at one time, tracking and addressing critical issues and providing support to multiple project teams, accounting for varying timelines, location, and staffing levels.
- Proactively worked with customers to ensure the success of software application KPI reporting dashboards, SQL tools, and other data analysis tools. This includes using customer feedback to drive process and software improvements.
- Provided input on future software development. Led team members on more than 10 concurrent development projects to build customer success by increasing revenue and operational volume.
- Supported operational teams on-site by providing expertise at the moment issues occur as well as building software solutions in response.

RESIDENT ASSISTANT, GEORGETOWN UNIVERSITY Aug '19 - May '22

- Documented and reported over 100 structural and facilities issues.
- Mediated resident conflicts between 50 residents.
- Provided resources and support to 50 residents in emergencies or crises through contacting and communicating with emergency services and coordinating responses.

OPERATIONS COORDINATOR, GEORGETOWN STUDENT CENTERS Sept '18 - May '22

- Managed event spaces with capacities up to 1,000 persons using a workflow system.
- Consistently surpassed revenue targets providing service to over 2,000 events each year.
- Provided event support for movie screenings, presentations, and televised events and forums.
- Managed audio/visual systems through building-wide sound systems with microphones and up to 10 varied screen displays.

COMMUNITY ASSISTANT, GEORGETOWN UNIVERSITY May '21 - July '21

- Oversaw the budgeting and use of over $500 in funds for holding community events.
- Mediated resident conflicts between 35 residents as well as acted in a mentor role for these residents, and provided resources and support to residents in emergencies or crises through contacting and communicating with emergency services and coordinating responses.
- Member of a team responsible for the planning, organization, and production of an 1,000 person formal event in accordance with COVID-19 regulations.
- Coordinated and planned weekly events for anywhere between 35-200 students.

SKILLS

- Project management, workflow management systems
- R-language data analysis and visualization
- Social science research, conducting surveys and interviews
- Epic electronic health record
- AV systems such as microphone/projection technology
